Homo ceu gladius est, aut officiis fungitur aut hebes est

ABOUT ME

A young and promising specialist in the field of Data Science. Self-taught. I am engaged in the study of data and its effective application for both business and personal purposes.

SKILLS

- Data Preparation, Data Analysis
- Python 3.8.x (sklearn, pandas,numpy, matplotlib, seaborn, dabl, sweetviz, plotly)
- VScode, Jupyter Notebook, Google Colab
- look for Hadoop, Spark
- Excel, Tableau, SQL
- Math, Statistics

EXPERIENCE

Development from scratch software for encoding audio files in Images.
(https://github.com/Andy666Fox/SGE)

Expansion of the functionality of an interesting project on "digitization" images stylized as the film "The Matrix"
(https://github.com/Andy666Fox/Matrix_image)

Participation in Open-Source projects
(https://github.com/Andy666Fox/pandas)

Active participation in Kaggle competitions, in particular in areas of Data Science, Data Analysis, Future Engineering.
(https://github.com/Andy666Fox/TINY_DS_PROJECTS)

Refinement and support of personal pet-projects of various directions.

ACHIEVEMENTS

- Kaggle Contributor
- Member of SberFight
- EvrazAiChallenge participant

EDUCATION

SamGTU, 3rd year of engineering directions
